October is Summarizing Month at Aux Sable

The foundation for informed reading comprehension is a clear, complete understanding of how each strategy develops reading expertise. October’s main focus for reading is on the strategy of summarizing. Summarizing allows students to build on their predicting (September strategy) knowledge and leads to the strategy of connecting (November strategy). Predicting, summarizing, and connecting are fundamental steps in the study of comprehension and its instruction.

To ensure proper supervision of students, they are not to arrive before 8:25 a.m., as is stated in the Handbook.
